About Me

Enthusiastic beginner with a strong interest in technology and innovation. Currently pursuing a degree in Computer Science and Software Engineering (CSSE), with a focus on software development, algorithms, and system architecture. Eager to learn and develop foundational skills, I thrive in fast-paced environments and am committed to achieving results. Capable of working independently and collaboratively in a team setting, I am excited to contribute enthusiasm and a willingness to learn to your company.

Experience

McDonald's 2022 Dec - 2023 Mar

Crew Member

As a Crew Member at McDonald's, I played a vital role in ensuring excellent customer service and operational efficiency within a fast-paced environment. Responsible for various tasks, I consistently upheld McDonald's standards while contributing to a positive dining experience for customers.

Gambit BPO 2023 May - 2024 Jan

Data Analyst

Experienced Data Analyst with a proven track record of extracting actionable insights from complex datasets. Possessing a strong analytical mindset and proficiency in data analysis tools and techniques, I have successfully contributed to data-driven decision-making processes in an Indian company.
